WKCEF Plans Summer Family Fun Event

The West Kingman County Education Foundation will host a SUMMER FAMILY FUN Event on Saturday, July 20, 2019.

The Family Fun Event will start in the Cunningham City Park. There will be activities for all ages starting at 4 p.m. including swimming, horseshoes, corn hole, washers, and various games for young people.

A meal will be provided for a free will donation.

The climax of the event will be the SATURDAY IN THE PARK Variety Show. The show will be inside at the Cunningham Christian Church Fellowship Hall.

The foundation was able to give \$16,500.00 in scholarships this year. It also bought books for summer for all students, sponsored field trips, provided a guest speaker (Miss Kansas), purchased new tables outside the lunchroom, purchased three new drinking fountains, and donated to the purchase of the new gym mat.

We would appreciate your help and support. A sponsorship is \$100.00. Your name or company name would be listed in the various newspaper articles about the event and on a banner which will be displayed at the park and school functions during the year.

Thank you for any help you can give us for this event. If you have any questions, please contact Janet DeWeese at 620-298-2717 or Steve Miller at 620-298-5352.

Talent Sought for "Saturday in the Park" Variety Show

Attention singers, dancers, jugglers, or amateur nose-flute players: On Saturday evening, July 20th, a variety show featuring local talent will be held in the Cunningham City Park. (Breaking News: There's a good chance this portion of the day will be held inside.) This will be in conjunction with the West Kingman County Education Foundation's Family Fun event. At least a portion of the evening will feature a USO-type show honoring our veterans

and our country with period pieces and patriotic songs.

If you are interested in performing, please contact Mary Stackhouse at 298-3062 (leave a message) or email merilyslp@gmail.com. Group rehearsal time will be limited, so performers will be asked to practice on their own time before the event. A keyboard, accompanist, and equipment for accompaniment CDs/phones will be available.

Spark in the Park on Independence Day

Join us for another Spark in the Park on the 4th of July! Cunningham Recreation is hosting a youth sand volleyball tournament starting at 9:00 am. There will be two divisions: 8th grade and under; or 12th grade and under (upcoming school year). Everyone on your team must be younger than the age limit. Entry fee is \$10 per player, pay that morning. To enter your team, comment on the event page on the Cunningham Recreation Facebook page or contact Shawna at 620-332-3948. Concessions will be provided by the group attending Camp Horizons church camp. It is always fun to watch the kids give it their all for the glory of the championship and a new t-shirt!

Independence Day Worship Service at Lions' Park

Community Worship service at Lions' Park on July 4th at 10:30 a.m. Everyone is welcome.

Volunteers NEEDED!

The community needs folks to "step up to the plate (or grill)" and volunteer to help cook and serve hamburgers for our Independence Day hamburger feed, if you can help, please call Dave at City Hall.

620-298-3077

Dine with the American Legion on Independence Day!

The American Legion, with help from volunteers who are going to come out in droves because they are needed, will cook hot dogs and hamburgers beginning at 5:00 p.m. on July 4th.

EVERYONE is invited. The much appreciated volunteers will serve until they run out of either the entrees or diners.

Chips and beverages will be provided.

The lovely ladies of the Cunningham Women's Club will be serving ice cream and desserts and collecting money in a free-will offering to go to fund the various community projects and charities supported through our generous donations. Please give generously.

Pride Yard of the Week

The current Yard of the Week is the home of Cindy and Kevin Brungardt at 323 South Ohio Street.

Stomp Rockets July 4th!

This 4th come to the library between the hours of 6-8 p.m. and build a stomp rocket with your family. This is a come and go family program. Supplies for the stomp rockets will be provided by the library while they last! Parents please bring a clean, dry empty 2-liter plastic bottle!

The library needs empty 2-liter plastic bottles. They need to be clean and dry. Please take them to the library before the 4th.

Be sure to send us pictures of your wheat harvest...

YEARS AGO IN

The Cunningham Clipper

W. A. BRADLEY, EDITOR

June 26, 1969 – Wheat harvesting in the Cunningham area is approaching the frustration stage.

A ripening crop last week is now a ripe one, but the rains just won't stop long enough for farmers to get the job done.

Harvest swing into full gear last week-end, with most every harvester in the field, but a Monday evening rain didn't dry out in time for harvesting to start again before a Wednesday morning rain.

Yields on harvested fields have been very good, according to reports, with averages running 40 bushels per acre, and with the "poorer" yields running from 25 to 30 bushels per acre.

July 3, 1969 – It had to happen sometime.

Two fires, both in wheat fields, were reported to the Cunningham Fire Department last Thursday afternoon about 4:00 o'clock.

The first, by only a matter of a few minutes, came from the Fred and John Albers land, six miles south and one mile east of town. The rural fire truck made the run to the Albers farm, where the fire was confined to wheat stubble and about one acre of wheat.

The second alarm came a few minutes later from the Alex Wingate farm, five miles north and four miles east of town. The fire, started by a truck backfire, burned up the truck and several acres of wheat stubble. Mr. Wingate almost disregarded the loss of the truck, an old one, but noted that the fire swept by high winds, moved away from the truck, so fast it failed to burn any of the wheat in the loaded bed of the truck.

Fourth of July Celebration – Cunningham Ball Park – Aerial Fireworks (bigger and better than ever)

Secretary Perdue

Announces New Dairy Margin Coverage Signup Begins June 17

U.S. Secretary of Agriculture Sonny Perdue today announces that signup begins June 17 for the new Dairy Margin Coverage (DMC) program, the cornerstone program of the dairy safety net that helps dairy producers manage the volatility of milk and feed prices, operated by the U.S. Department of Agriculture's Farm Service Agency (FSA).

The 2018 Farm Bill allowed USDA to con-

– Sky Diving – Baseball Games

July 2, 1964 – A free aerial fireworks display will be held at the baseball field in Cunningham, Fourth of July evening (Saturday).

This annual event is sponsored by participating Cunningham business men and friends, who invite everyone to come and see the 40-minute display.

Come early and enjoy a slo-pitch softball game between Cunningham and St. Leo, which will precede the fireworks.

The annual picnic of the Sacred Heart Church of Cunningham, will be held on the church grounds, Tuesday evening, July 14.

A fresh country sausage and fried chicken dinner will be served from 5:00 to 8:00 o'clock that evening, followed by an outdoor platform dance from 9:00 to 12:00 o'clock.

July 2, 1959 – A major business transaction was made in Cunningham last week when Lon Hoagland sold the Hoagland Market to Elmer Spade of St. Leo. Elmer, in turn sold the store to his brother, Chet Spade of Kingman.

The new owner is no stranger to Cunningham, having attended high school here. He is a son-in-law of Mrs. Irene Schnittker of this city.

Mr. Hoagland lacked only three days of owning the store for seven full years. He purchased the store, July 7, 1952, coming here from Sun City. He and Mrs. Hoagland have moved to Pratt, where they will live and manage their apartment building at 507 North Main Street.

Mr. and Mrs. Spade and five children have moved into the apartment at the rear of the grocery store, vacated by Mr. and Mrs. Hoagland.

July 1, 1954 – The

Editor and Mrs. Bill Bradley announce the birth of a daughter, Friday, June 26, at the Nashville Hospital. She weighed seven pounds, fifteen ounces, and has been named Kandis Dee.

Maternal grandparents are Mr. and Mrs. Basil Tade of Centerville, Ia., and paternal grandparents are Publisher William A. Bradley of Veterans Hospital, Little Rock, Ark., and Mrs. Bradley of this city.

July 1, 1949 – The wheat harvest in this section of the country is nearly over, and farmers are busy plowing their ground in preparation for next year's crop. So far this year everything about the crop is lower – yield, average 11 bushels, lowest in 10 years; weight averaging 54 to 58 pounds; and price, about \$1.70 to \$1.74, lowest since 1946.

June 29, 1939 – Severe wind and rain storms last week-end put a complete stop to the wheat harvesting activities in this area.

Wheat harvesting operations have slowed within the past week due to heavy rains. The yield in this community is very good, with many fields averaging twenty to thirty bushels per acre and high tests.

June 29, 1934 – Ham Watkins, veteran fife player of the National Fife and Drum Corps of the Grand Army of the Republic, returned here this week from the annual national convention at Washington, D. C.

June 28, 1929 – Wheat harvesting operations are in full gear at the present time. Yield reports say the average-per-acre is 12-20 bushels.

The Cunningham Ice Company shipped in a carload of ice this week to aid them in meeting the present demand.

struct the new DMC, which replaces the Margin Protection Program for Dairy (MPP-Dairy). This new program offers protection to dairy producers when the difference between the all-milk price and the average feed cost (the margin) falls below a certain dollar amount selected by the producer.

"In February I committed to opening signup of the new Dairy Margin Coverage program by June 17, I am proud to say that our FSA staff worked hard to meet that challenge as one of the Department's top Farm Bill implementation priorities since President Trump signed it last December," said Secretary Perdue. "With an environment of low

milk prices, high economic stress, and a new safety net program with higher coverage levels and lower premiums, it is the right time for dairy producers to seriously consider enrolling when signup opens. For many smaller dairies, the choice is probably a no-brainer as the retroactive coverage through January has already assured them that the 2019 payments will exceed the required premiums."

The program provides coverage retroactive to January 1, 2019, with applicable payments following soon after enrollment. At the time of signup, dairy producers can choose between the \$4.00 to \$9.50 coverage levels.

USDA Offers Producers Options to Re-enroll or Extend Expiring CRP Contracts

WASHINGTON, June 21, 2019 – Farmers and ranchers with expiring Conservation Reserve Program (CRP) contracts may now re-enroll in certain CRP continuous signup practices or, if eligible, select a one-year contract extension. USDA’s Farm Service Agency (FSA) also is accepting offers from those who want to enroll for the first time in one of the country’s largest conservation programs. FSA’s 52nd signup for CRP runs from June 3 to August 23.

“Agricultural producers with expiring CRP contracts have set aside land to reduce soil erosion, improve water quality, provide habitat for wildlife and boost soil health for at least a decade,” said U.S. Under Secretary for Farm Production and Conservation Bill Northey. “We want to make sure they – and their neighbors who may

not have a CRP contract – know they have opportunities within CRP to continue their valuable contribution to our country’s conservation successes.”

FSA stopped accepting offers last fall for the CRP continuous signup when 2014 Farm Bill authority expired. The 2018 Farm Bill reauthorized the program this past December, and FSA has carefully analyzed the bill’s language and determined that a limited signup prioritizing water-quality practices furthers conservation goals and makes sense for producers as FSA works to fully implement the program.

This year’s CRP continuous signup includes such practices as grass waterways, filter strips, riparian buffers, wetland restoration and others. View a full list of practices approved for this signup. Continuous signup enrollment contracts last for 10 to 15 years. Soil rental rates are set at 90 percent of 2018 rates. Incentive payments are not offered for these practices.

Producers with Expiring CRP Contracts Letters are in the mail to all producers with ex-

piring CRP contracts, describing possible options.

A one-year extension is being offered to existing CRP participants with expiring CRP contracts of 14 years or less that have practices not eligible for re-enrollment under this CRP signup.

Alternatively, producers with expiring contracts may have the option to enroll in the Transition Incentives Program, which provides two additional annual rental payments on the condition the land is sold or rented to a beginning farmer or rancher or a member of a socially disadvantaged group.

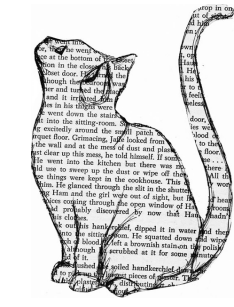

CRP Continuous CREP Signup This signup also enables producers to sign up under existing Conservation Reserve Enhancement Program (CREP) agreements. CREP is part of CRP and targets high-priority conservation concerns identified by a state, and federal funds are supplemented with non-federal funds to address those concerns. Download this fact sheet to learn more.

Other Future CRP Signup Options FSA is still planning a CRP general signup in

December 2019, with a CRP Grasslands signup to follow. Those that extend their contracts may be eligible for one of these signup types or another continuous signup in the future.

More Information On December 20, 2018, President Trump signed into law the 2018 Farm Bill, which provides support, certainty and stability to our nation’s farmers, ranchers and land stewards by enhancing farm support programs, improving crop insurance, maintaining disaster programs and promoting and supporting voluntary conservation. FSA is committed to implementing these changes as quickly and effectively as possible, and today’s updates are part of meeting that goal.

Producers interested in applying for CRP continuous practices, including those under existing CREP agreements, or who want to extend their contract, should contact their USDA service center by August 23. To locate your local FSA office, visit www.farmers.gov. More information on CRP can be found at www.fsa.usda.gov/crp.

Meanderings

I have found that trying to get a paper finished and a column finalized on a Book Club evening can be a challenge I’m frequently not up for.

I know I should have the column already written, and most times I have it close to ready by Wednesday nights, but then there is all that tweaking I feel compelled to do, and it doesn’t get done...because I’ve gone to book club.

Tonight’s book was “Before We Were Yours” by Lisa Wingate. This story tells of a bit of American history that is sordid and awful. The Tennessee Children’s Home Society was an “orphanage” run by an unscrupulous woman and her band of corrupt minions. And, yes, it was a real place and Georgia Tann was a real person.

I had to search for more information and found pictures and advertisements and many more bits of information. None of it really made me feel better. What a horrible person.

My column didn’t get written because my mind was entwined with-

her custodial and janitorial duties. I have swept and mopped floors and cleaned toilets and showers.

I washed dishes in restaurants and waited tables and cooked and baked. I made pizzas and salads and pies and cookies.

I have cleaned houses and taken in ironing (I still shudder when I think of the hours I spent doing that tedious task). I did laundry for my college friends.

I spent a month in Kansas City, Kansas as an intern at the Kansas School for the Blind.

I spent a summer living in a tent and riding horses with Girl Scouts in the vastness of the Flint Hills. I have also been a leader for a troop of Girl Scouts.

I worked as a temporary office worker and as a summer-time tutor. I was a receptionist for a law firm. I have stuffed envelopes and entered endless hours of data. I delivered Wichita area phone books on sweltering July days. I have cared for pets and homes while their owners were away.

In a moment of insanity I agreed to teach kindergarten. I have also taught 5th grade and 2nd grade and 3rd grade and 4th grade. I was a substitute teacher for all levels. I was a librarian for grades PreK – 12th grades.

I have served on Cunningham City Council and as Mayor of Cunningham. I have managed the swimming pool and volunteered as a fire fighter. I have served on the library board and I volunteer at our local library. I helped establish our Cunningham Book Club and am still a member today.

I belong to several online survey communities and I complete surveys to help companies make better products and marketing decisions.

I have sold appliances at Sears and checked groceries at Dillons. I was a team member at the Love’s Travel Center and I now work for all my readers on this newspaper.

I have worked in Cunningham, Winfield, Kansas City, the Flint Hills, Belle Plaine, Derby, Douglas, Wichita, Pratt, Kingman, and Norwich.

As I write, I remember people I have met and helped and memories I have made. I think about new friends and old friends.

I realize I have never lost sight of the real reason for working—the greatest benefit of living – helping and serving people.

Always reading, and currently reading, "Before We Were Yours" by Lisa Wingate

Roberta

“Every job from the heart is, ultimately, of equal value. The nurse injects the syringe; the writer slides the pen; the farmer plows the dirt; the comedian draws the laughter. Monetary income is the perfect deceiver of a man's true worth.” — Criss Jami,

Killosophy

As most already know, the opiate epidemic has been worsening, each year claiming more lives than the last. What is less known by the general public is the problem with Methamphetamines has been growing over the last several years as well.

In the most recent data from the 2017 [National Survey on Drug Use and Health](https://www.samhsa.gov/national-survey-on-drug-use-and-health), it was found an estimated 964,000 people age 12 or older had a methamphetamine use disorder. This large number of [Methamphetamine use](https://www.samhsa.gov/national-survey-on-drug-use-and-health) can lead to some very serious problems in communities; higher crime rates, destroyed families, and the many risks to public health.

Methamphetamines

are made by combining chemicals that can be explosive in bad cases as well as causing long term property damage from toxic chemicals.

Houses where a meth lab was in operation can retain chemicals which are hazardous to those who live in the house afterwards. In fact, even use of the drug within an apartment, home, or trailer can cause negative health effects long after the user or producer has moved one.

More and more communities each year deal with this problem and it is an expensive thing to repair, with decontamination costing thousands of dollars to inhabitants and landlords both. These problems are far from victimless with acute health effects that include lack of coordination, chest pains, and burns to skin, eyes, nose, and mouth. Possible chronic long-lasting problems

may include respiratory irritability, neurological damage, and liver and kidney damage.

In these times it is important that families are aware of both the signs of methamphetamine use and abuse. In addition, community members need to be on the lookout for signs their house was used prior for methamphetamine production or use. To learn more about Methamphetamine effected houses visit <https://www.safewise.com/blog/tell-buying-meth-house/>

For more information on signs of methamphetamine abuse, visit our website at <https://www.narcononnewliferetreat.org/drug-abuse-information/signs-of-methamphetamine-abuse.html>

Public Service Announcement

Narconon New Life Retreat would like to remind families to stay educated on the signs and dangers of drug abuse. Methamphetamines and opioids are on the rise in both rural and city areas. Learn the signs and protect your loved ones from drug abuse and addiction.

The amount of deaths caused by Methamphetamines has almost tripled since 2014. To learn more, visit: <https://www.narconon-newliferetreat.org/blog/the-other-drug-epidemic.html>

Free Drug Education Narconon provides free drug education materials covering a wide range of topics. Please call today for your free drug education materials at: 1 (800) 431-1754

The Shortest and Longest Commutes in Kansas

Everyone hates sitting in traffic. Less time commuting means more time for work, family, and fun. See which areas of the country of done the most to reduce the time it takes for people to get to work.

The average travel time to work in the state of Kansas is 19.1

minutes, but it varies greatly by location. UnitedStatesZipCodes.org today released a study on the Best and Worst Commutes in Kansas using the latest data from the U..S. Census Bureau.

The study lists the 50 best and 50 worst commutes. Below please find the top 10 for each:

10 Shortest Commutes

1. 67701 (Colby, KS): 10.2 minutes
2. 67748 (Oakley, KS): 11.5 minutes
3. 66027 (Fort Leavenworth, KS): 11.5

minutes

4. 67124 (Pratt, KS): 11.5 minutes
5. 66508 (Marysville, KS): 11.7 minutes
6. 67601 (Hays, KS): 11.8 minutes
7. 67579 (Sterling, KS): 13.4 minutes
8. 67003 (Anthony, KS): 13.9 minutes
9. 67801 (Dodge City, KS): 14.0 minutes
10. 67846 (Garden City, KS): 14.1 minutes

10 Longest Commutes

1. 67108 (Mount Hope, KS): 28.6 minutes
2. 66521 (Onaga, KS): 27.5 minutes

3. 66021 (Edgerton, KS): 27.3 minutes
4. 67135 (Sedgwick, KS): 25.4 minutes
5. 67133 (Rose Hill, KS): 25.1 minutes
6. 66085 (Stilwell, KS): 25.1 minutes
7. 66083 (Spring Hill, KS): 25.1 minutes
8. 67001 (Andale, KS): 25.0 minutes
9. 67013 (Belle Plaine, KS): 25.0 minutes
10. 66783 (Yates Center, KS): 24.5 minutes

WIC Services Available at the Kingman County Health Department

Are you, or do you know someone who:

- ...is pregnant;
- ...is breastfeeding and infant up to one year of age;

...is a child under 5 years old;

...has just had a baby and isn’t breastfeeding a baby under 6 months old;

...or has recently miscarried?

You or those people you know may qualify for the WIC (Women, Infant, and Children) supplemental food program—many working people do qualify for WIC and don’t

realize it. Fruits, vegetables, dairy, protein, and whole-grains foods are available to WIC-eligible people.

Please call the Kingman County Health Department at 620-532-2221 for more information or to schedule an appointment!

For more information

about the Kansas WIC Program, visit their website at <http://www.kansaswic.org/families/>

Kingman County Health Department is an equal-opportunity provider.

THE CUNNINGHAM CLIPPER

There are over 300 museums in Kansas. There are museums for just about anything and everything. There is a museum in Shawnee, Kansas that is outfitted with items of the 1950's – appliances and other furnishings. Larned boasts a Boy Scout/Girl Scout Museum. There are doll museums and military museums. Kansas has museums about politics and railroads; pioneers and clowns; actors and theaters.

Soaring Comes to Cunningham

A curious crowd of all ages gathered at the fire station on Wednesday morning to learn about gliders. Harry Clayton and Susan D. Erlenwein of The Wichita Soaring Association, invited by the Cunningham Public Library, were here to talk about the art of plane sailing (sail planing?). The glider was assembled inside the station, and a fine presentation was given. As you can tell by the photos, the young people were attentive listeners and, they asked many interesting questions. A big hit were tables set up for making paper gliders and airplanes; and the inside to the station was an optimal place for flying the little machines.

Good show!

Thank you, Fire Chief Harold Stark, for allowing us to use the fire station for the library's Summer Reading Sail Plane Presentation on Wednesday morning. Thanks also to you and to Jaimie Elliott and Gage for all your work clearing the station, making sure the floor was super clean, and for setting up the meeting room for the slideshow portion of the program. Your accommodations were exceptional! Thank to all those who helped during the program and after and to Roberta Kobb for covering library events in the newspaper. Special thanks to parents, grandparents, and caregivers for bringing your children to the program. We hope you found the program fun and educational.

County Commission Meeting

June 17th, 2018

The Board of Kingman County Commissioners met in the Commissioners’ Meeting Room, Kingman County Courthouse, Kingman, Kansas on June 17th, 2019. Those present: John Steffen, Chairman; Fred Foley, Commissioner; Jerry Henning, Commissioner; Carol Noblit, County Clerk; John Caton, County Counselor

Visitors: Jason Jump, Kingman Leader Courier; Larry Landwehr; Carol Voran; DeAnna Gerhardt; Leon Sowers; Gayle Dye and Merleta Moore, Choose Networks.

Staff: Linda Langley, Internal Auditor; Stan Goetz, HR/Planning/Director; Cindy Chrisman-Smith, Health Nurse; Charles Arensdorf, Public Works Director; Steve Bachenberg, County Engineer; Heather Kinsler, 911/Dispatch Director; Nick Charles, Dispatcher and Mariah Allen, Dispatcher.

Chairman Steffen called the Board of County Commissioners Meeting to order at 8:00 a.m.

Chairman Steffen would like to add an executive session for Attorney Client privilege to the agenda.

Commissioner Henning would like to add Expo Center

spending to the agenda. MOTION: Commissioner Henning moved to approve the agenda with the addition of an Attorney Client executive session and discussion on the Expo Center spending. Commissioner Foley seconded the motion. The motion was approved with a unanimous vote of the County Commissioners.

Chairman Steffen asked if there was any public comment.

Leon Sowers asked the Commissioners about drainage on 20th St and if they could clean the ditch going south or fix the route that the drainage goes.

Mr. Sowers also discussed a train wreck that he was in recently and that the conditions around the railroad track make it hard to see trains coming. Mr. Sowers asked if there was anything they could do to help with the trees in the right of ways.

The Commissioners let Mr. Sowers know that they would talk to Mr. Arensdorf but thought that the railroad right of ways are handled by the Railroad.

DeAnna Gerhardt read that it was budget time again on the agenda and that she would like for the Commissioners to get a comprehensive plan that would help with

tax relief.

Larry Landwehr asked the Commissioners what would happen if they did lower the mill levy with the tax lid in future years.

Chairman Steffen let Mr. Landwehr and Ms. Gerhardt know that it effects future years if you lower it too much because you can’t raise the budget over the consumer price index without an election if budget increase was needed.

Ms. Gerhardt thanked them for what they have done but if they would help with the tax burden after the LEC it would help.

The County Clerk submitted the minutes of the June 10th, 2019 Commission Meeting for approval.

MOTION: Commissioner Foley moved to approve the minutes of the June 10th, 2019 Commission Meeting. Commissioner Henning seconded the motion. The motion was approved upon the unanimous vote of the County Commissioners.

The County Commissioners began discussion with Linda Langley, Internal Auditor about budget requests.

Merleta Moore, Choose Networks who provides our IT services for Kingman County was in to discuss computer upgrades.

EXECUTIVE SESSION: Commissioner Steffen moved to go into Executive Session with John Caton, County

Counselor at 9:30 a.m. to discuss potential litigation pursuant to the exception under the Kansas Open Meetings Act for discussion of matters which would be deemed privileged under the attorney-client relationship, and will return to open session in the Board meeting room at 9:45 a.m. Commissioner Henning seconded the motion. The motion was approved upon the unanimous vote of the County Commissioners.

The County Commissioners returned to regular session at 9:45 a.m. with no binding action taken.

The County Clerk asked the Commissioners about painting the downspouts while there is a lift to get to them.

The County Commissioners would like a price on the painting before approval.

The County Clerk let the Commissioners know that the brass handles for the windows have not been installed yet. The Commissioners would not like brass handles as they need to match the window latches.

Commissioner Henning discussed the drainage at the Expo Center and some of the tins condition on the West side. The Commissioners discussed going to bid on replacement of the tin.

Cindy Chrisman-Smith, Health Nurse was in to discuss that she has not heard back

from VaxCare yet. The Commissioners discussed that they could have John Caton contact VaxCare and possibly get a response. Ms. Smith let Mr. Caton know that she will try to contact them again first before having him contact them.

Stan Goetz was in with a building permit for the following:

Andrew Albright for a pole shed in Section 11, Township 27, Range 7W (White).

Mr. Goetz updated the County Commissioners on the nuisance case in Murdock.

Misty Jacobs, Road & Bridge Office Administrator was in to discuss two delinquent accounts through Solid Waste and have given to John Caton so that he can contact the individuals.

The County Commissioners signed the following two escape taxes:

ESCAPE	
2019000286	341.14
2019000287	287.20
Heather Kinsler, 911/Dispatch Director was in to introduce the new dispatchers Mariah Allen and Nick Charles.	

Charles Arensdorf, Public Works Director and Steve Bachenberg, County Engineer were in with updates.

The Commissioners discussed bridges and the ratings.

The Commissioners asked if there is a need to look into bonding for bridge replacement and

repairs. Mr. Bachenberg said that funding is very competitive because most counties are in the same condition.

Commissioner Henning said it doesn’t do any good to overlay roads if you get to the bridge and have to turn around.

John Caton let the Commissioners know that there are statutory requirements for reconstruction and replacement of bridges.

Steve Bachenberg let the Commissioners know that the County owned bridges in the needs assessment report are around \$10,000,000.00.

Mr. Caton let the Commissioners know that he will do some research and see what the counties bonding limits are.

Chairman Steffen let Mr. Arensdorf know that Leon Sowers was in with concerns on the railroad right of way and the visibility of the trains coming are bad.

Mr. Bachenberg gave the Commissioners updates.

Mark Schnittker, Courthouse Maintenance was in to discuss the downspouts and the gutters since the crane is available if they can be cleaned and painted.

Mr. Schnittker discussed the lift handles for the windows and that they have not been received yet.

The meeting adjourned at 11:41 a.m.

U.S. Department of Labor Urges Caution to Avoid Hazards During Tornado and Storm Cleanup

KANSAS CITY, MO - The U.S. Department of Labor’s Occupational Safety and Health Administration (OSHA) is urging employers, workers, and the public to be aware of the hazards that may exist while conducting cleanup work following the recent tornados in Kansas and Missouri.

After a tornado has occurred, as steps are taken to recover from the storm, workers may face sig-

nificant hazards including the potential for additional storms, downed electric lines, and sharp debris. Employees should also be aware of hazards from heat stress and from equipment used during response/recovery operations, such as portable generators.

“OSHA teams are in the areas affected by recent tornadoes and they will remain onsite to help workers stay safe during the response and recovery operations,” said OSHA Regional Administrator Kim Stille, in Kansas City, Missouri. “There are always hazards in these situations, but they can be minimized with safe work practices, knowledge, and

the use of personal protective equipment.”

Only workers provided with the proper training, equipment, and experience should conduct cleanup activities. Protective measures should always include the following:

- Evaluate work areas for hazards;
- Employ engineering or work practice controls to minimize hazards;
- Wear proper clothing and use personal protective equipment;
- Assume all power lines are live;
- Use portable generators, saws, ladders, vehicles and other equipment properly;
- Follow safety pre-

cautions in traffic work zones;

- Use fall protection when working at heights over 4 feet.

OSHA’s Response and Recovery page has additional information to assist in planning cleanup work safely.

Under the Occupational Safety and Health Act of 1970, employers are responsible for providing safe and healthful workplaces for their employees. OSHA’s role is to help ensure these conditions for America’s working men and women by setting and enforcing standards, and providing training, education, and assistance. For more information, visit www.osha.gov.

School Supply Donations

It's that time of year, folks! School supply donation boxes will be set up in the Bank and at Fitzsimmons Insurance next week.

They will be collecting until enrollment on August 7th.

July 12th Kansas Cosmosphere Program – Summer Reading Finale!

It’s Not Rocket Science – Oh Wait, Maybe it is! This program sponsored by Cunningham Rec. Board and Cunningham Public Library will take participants on a trip back in time to the 1930s lab of Dr. Robert Goddard, the father of modern rocketry. This interactive show – packed with some explosive surprises – uses live demonstrations on a journey through the history of rockets. A special hands-on activity will include Liquid Oxygen Ice Cream – Space is cold, and so is liquid oxygen! Learn about the liquid that helps power rockets and enjoy a tasty treat at the end! The show starts at 1:30 p.m. at the Cunningham Community Center.

Wiley Endorsed for American Legion National Commander

Delegates at the 101st Annual American Legion Department of Kansas Convention in Hutchinson on May 19, 2019 unanimously endorsed outgoing Department (State) Commander Dan K. Wiley for the high office of National Commander of The American Legion. Dan, a Kansas Life Member of Leavenworth Post 23, served in the United States Air Force from 1986-90. He has been a member of The American Legion since 1993.

He served as Department Commander in 2018-19, and previously as Department Vice Commander, and Department Judge Advocate. “I am honored and humbled to be endorsed by my fellow Kansas Legionnaires for this position,” Wiley said. “This is a very long process that will take several years with no guarantee of success. However, even a marathon starts with a first step and this is that first step. I am confident in the teamwork of the Kansas American Legion Family and this will definitely be a team effort.”

The American Legion has nearly two million members nationwide and the Kansas Legion has nearly 24,000 members. Kansas has had three National Commanders, Ralph T. O’Neil, 1930-31; Harry W. Colmery 1936-37; Harry G. Wiles, 1975-76. However, it has been over 40 years since Kansas last had a National Commander.

Dan has served in numerous leadership roles both in his local veteran community and as a civic leader in his local community. He is also a member of the Sons of the American Legion Oskaloosa Squadron 36. Dan lives in Leavenworth with his wife, Sonia, who is an American Legion Auxiliary member of Leavenworth Unit 23. Dan and Sonia have two children who are both members of the American Legion Family.

Kingman County 4-H’ers Attend Camp

Forty-four Kingman County 4-H’ers participated in the Heart of Kansas 4-H Camp at Rock Springs 4-H Center, June 11-14. The theme this year for camp was “4-H is an Adventure.” The camp consisted of roughly four hundred campers, counselors, and extension agents from 20 counties including districts in Kansas. Students within Kingman County who are also 4-H mem-

bers that have completed 2nd through 8th grade were able to attend as campers. 4-H’ers 15 years of age and older were able to serve as counselors, including three Kingman County members. From the Hawk 4-H club, Abby Flickner and Makenzie Cox from the Vinita 4-H club, served as counselors. Both have served as counselors in years past and have done a wonderful job taking responsibility and caring for 7-9 campers for 24 hours a day, for the entirety of the camp (4 days).

The Heart of Kansas camp is a four-day experience with fun activities and workshops including horseback riding, rock wall climbing, mountain biking, swimming, canoeing, crafts and other interactive events, along with the opportunity to make friends from other counties. The campfire,

Front Row: Hadley Garrsion, Finley Maloney, Aseel, Nikki Wright, Ava Ziegler, Audrey Tetrick, Addison Giefer, Paisley Gonzales, Katelyn Stauffer, Sage Thimesch, Autry Young, Kaitlyn Webb, Katie Ogg
Second Row: Abby Flickner, Brody Bock, Colton Young, Gunner Glenn, Sean Kostner, Landon Giefer, Tyler Osner, Audrey Webb, Clayton Stauffer, Boston Beck, Dawson Wood, Skyler Thimesch, Makenzie Cox
Third Row: Henry Adams, Brianna Dittmer, Cameron Cox, Ada Adams, Emily Ogg, Cash Young, Ava Bock, Eliza Rosenhagen, Jady Belt, Reese Hedstrom, Kristyn McAndrew, Julia Hageman, Reese Allen
Back Row: Kallie Turner, Claire Meng, Laney Wood, Regan Hedstrom, Amy Wright, Grace Beavers, Chloe Young, Peyton Boos, Andrea Wood

Cunningham Ladies Place Second in League

Front Row: Joanna Hansen, Emily Ogg, Kaitlyn Hennessee, Kyra Morgan.
Back row: Coach Nadine Hope, Ava Bock, Maranda Lohrke, Ellie McGuire, Brianna Dittmer, and Taylor Schultz.

These 9 young ladies earned 2nd place in their summer league volleyball! They did a fantastic job and had to play back through the losers bracket (4 matches). We lost to Pratt 8th grade in the championship match. Not too shabby! It was exciting to see them improve each week and especially tonight! As the evening advanced, they just got better and better! Congratulations!

HARVEST

RULES OF THE ROAD

- Don't assume the farmer knows you're there!
- Pass with extreme caution!
- When a farm vehicle pulls to the right side of the road it does not necessarily mean it is turning right or allowing you to pass!
- Be patient!
- Think of the slow moving vehicle emblem as a warning to adjust your speed!

”
